

## PRESS RELEASE

### BIOTRANSFORM Final Event at BIOKET 2025: Advancing Circular Bioeconomy Solutions for a Sustainable Europe

As the BIOTRANSFORM project nears its completion, it will host its [Final Event](#) on **March 13, 2025**, during [BIOKET 2025](#) at the **SQUARE Brussels Meeting Centre** from **2:00 to 4:00 PM (CET)**. The event will feature the presentation “**BIOTRANSFORM: Advancing Circular Bioeconomy Solutions for a Sustainable Europe**,” offering insights into the project’s key achievements and future potential in supporting Europe’s transition to a circular bioeconomy.

#### Key Achievements of BIOTRANSFORM:

- Demonstrating innovative **circular bioeconomy pathways** across six European regions: **Andalusia (Spain)**, **Northern Burgenland (Austria)**, **Western Macedonia (Greece)**, **Finland**, **Charles Spa Region (Czech Republic)**, and **North Rhine-Westphalia (Germany)**.
- Delivering **actionable roadmaps and tools** for policymakers, industry leaders, and communities to accelerate the adoption of circular bioeconomy practices.
- Developing **cutting-edge governance models** to overcome institutional barriers and foster cross-sector collaboration.

As a **SILVER sponsor of BIOKET 2025**, BIOTRANSFORM underscores its commitment to driving sustainable bioeconomy transitions. Join us to discover how the project’s findings will shape Europe’s bioeconomy landscape.

For more details and to secure your spot at the **BIOTRANSFORM Final Event** and **BIOKET 2025**, check out our [agenda](#).

#### ABOUT BIOTRANSFORM

BIOTRANSFORM, a **HORIZON Coordination and Support Action** funded by the European Union (**Grant Agreement No. 101081833**) with a **€2 million** budget, was launched in **October 2022** and ran for **30 months**. Coordinated by **Technical Research Centre of Finland ([VTI](#))**, the project brings together **9 partners from 8 European countries**, fostering cross-sector collaboration to bridge science and real-world applications for a greener, more sustainable Europe.

The consortium members are: Technical Research Centre of Finland ([VTI](#)), Luxembourg Institute of Science and Technology ([LIST](#)), Flemish Institute for Technological Research ([VITO](#)), Technological Corporation of Andalusia ([CTA](#)), Association of Cities and Regions for Sustainable Resource Management ([ACR+](#)), Cluster of Bioeconomy & Environment of Western Macedonia ([CluBE](#)), Cluster Industrial Biotechnology ([CLIB](#)), [BIOEAST Hub CZ](#), and [Q-PLAN](#) International.
